FEEDBACK FROM THE FALL 2024 PROGRAM

From the cohort's anonymous survey:
"DAV Patriot Boot Camp is one of the best veteran-focused entrepreneurial learning/advancing courses out there. It adds tremendous value to running my own company, and I gained numerous contacts through networking that will provide a team for me to work with in the future. The speakers are top-notch and helped me get past some of my 'pain points' that I've been spinning my wheels over."
