### FEEDBACK FROM THE SPRING 2023 EVENT

"Fantastic experience. Every single mentor had some very useful, actionable feedback for us. They also gave me the painfully obvious things I needed to change. I'm very grateful to have been part of this event. Sincerely, thank you."

"Highest quality event of this type that I have ever attended. I have spent a small fortune trying to gather the information received here and those events were not nearly of the class and quality experienced with DAV Patriot Boot Camp."

"DAV Patriot Boot Camp helped me clarify my company's mission, vision, and culture. I also gain in-depth practical knowledge on resources available to start, run, and scale a business! You just don't get this training from most business schools."

"This has been the single best education and networking event I have ever attended."
